# Welcome to NWMC 2018

**Blake Caldwell**  
NWMinCon Conference Director

**Welcome to NW MinCon 18. We are so excited to have you here!**

We believe that you are in for an incredible ride both personally and for whomever you may have brought with you!

This year theme is Engage! Our world seems to have sped up! Hence our ministry environments have as well. Yeah, it's just a little crazy, but there is much at stake!

We now, more than ever, must engage our culture to help reach a generation for Christ! "How we did what we did is no longer enough."

Engage means coming to something like NW MinCon. (If you are reading this while sitting here...congratulations you are more than halfway there).

Engage means actively looking, experiencing and searching for some new way to tweak an existing ministry or starting something bold, audacious and new to reach more people!

Engage means putting yourself out there and talking with others who are right where you are too! Engaging in a conversation with someone right next to you in a workshop or asking a question could be just the catalyst you need.

As I said in the start, "we are excited you are here!" You have already begun to engage. Here's to some tools, skills and relationships that will be part of the arsenal for future ministry success!
